PROFILE

Retail media strategist with a track record across three phases of growth at Petco: scaling a \$5M+ offsite portfolio, building first-ever media strategies for newly launched brand partners, and now leading the operational and creative infrastructure that keeps campaigns on schedule across the full portfolio.

EXPERIENCE

RMN Planning & Strategy Specialist

Petco, Inc. | July 2026 – Present

- ▶ Lead bigger-picture retail media operations, building systems that scale across the full brand portfolio rather than one campaign at a time.
- ▶ Building a centralized creative asset bank for every brand partner to keep campaigns launch-ready and eliminate revenue-impacting delays.
- ▶ Analyze performance trends, audience insights, and market opportunities across the portfolio to shape media recommendations and advertiser strategy.

Integrated Media Planner

Petco, Inc. | Oct 2025 – July 2026

Onsite + offsite media

- ▶ Built first-ever media strategies from scratch for a growing roster of smaller, net-new-to-Petco brand partners just launching on the platform — audience approach, channel mix, and initial campaign structure.
- ▶ Managed a larger number of partners against smaller individual budgets than the prior offsite role, prioritizing scalable frameworks over one-off execution.
- ▶ Contributed to directionally strong gains in new-to-brand purchases and campaign efficiency as these launches matured, despite no existing playbook or historical data to start from.

Offsite Media Specialist

Petco, Inc. | Dec 2023 – Oct 2025

- ▶ Directed offsite media strategy for 34 brand partners (not including sub-brands), managing \$5M+ in annual investment across paid social, programmatic, and search.
- ▶ Allocated budget and audience targeting across channels to drive incremental traffic and sales for the full partner portfolio.
- ▶ Led vendor calls to review media plans and performance, delivering optimization recommendations and strategic guidance to brand partners.

Digital Services Coordinator

Civilian | May 2023 – Dec 2023

- ▶ Managed multi-channel campaigns across programmatic, paid search, and paid social, implementing tracking pixels and performance measurement.
- ▶ Optimized budgets, audience targeting, and creative trafficking to maximize CTR and campaign efficiency.
- ▶ Conducted audience and competitive research, delivering actionable insights through client-facing reports.
